draws. One of the delegates chosen in or-der to make the position of the dele-gation clear asked Toseph W. Alsop, he chairman, if the instruction mean that the delegates were at liberty to vote for another candidate should Colonel Roosevelt not permit his name o be used, and he was told that the natructions would permit this.

#### Resolutions Adopted. The resolutions adopted were as fol-

ws:
"We stand for the protection of the American and his business. For the protection of his business by a tariff established through an expert permanent commission and scientifically adjusted to serve the welfare of all Americans.

"For that control of business which shall ensure its development and pros-perity and provide for the just distri ution of that prosperity among all our people. Unless our business force are directed toward high national ends, our nation can never have its due weight in international relations. We cannot demand justice abroad unless we do justice at home.
"In our international relations this is the year of destiny. The action of America in this year 1916 will determine the long future of coming generations and centuries.

### Put Honor Foremost. "We put foremost the honor, strength and the leadership of American nation in international mo rality. We demand of our govern-ment, that first duty of all govern-ments, the protection of its citizens. Not otherwise can America have a future of its own; not otherwise can it have the slightest weight in deter-mining the future of the world, the future which will be settled at the end

of that great war, Will Lay Aside Partisanship. "Recognizing these great issues, we will lay aside partisanship and party ambition; we will serve those great ends and those only. We will follow a leader whose purposes we know; whose power to drive these purposes to fulfilment we can continue. We will follow no man whose position on these issues we do not know, or who has not the power to make them good." The resolutions were reported by Herbert Knox Smith, former con

## The White Star liner Baltic arrived at New York from Liverpool with 215 WILL RELY UPON ITS SCRUPULOUS EXECUTION

Note States the Newly Announced Policy of the Imperial Government Can be in No Way Contingent Upon the Conduct of any Other Government Affecting the Rights of Neutrals and Non-Combatants - Note Was Cabled Yesterday by Secretary Lansing to Ambassador Gerard With Instructions to Deliver it to the German Minsiter of Foreign Affairs.

the text of the note cabled today by Secretary Lansing to Ambassador Gerforeign affairs:

"The note of the imperial German government under date of May 4, 1916, has received careful consideration by the government of the United States. It is especially noted, as indicating the purpose of the Imperial government as to the future, that it is prepared to do its utmost to confine the operation of the war for the rest of its duration to the fighting forces of the beligerents and that it is determined to impose upon all its is determined to impose upon all its the recognized rules of international law upon which the government of the United States has insisted.

Guided by Motives of Friendship. "Throughout the months which have elapsed since the imperial gov-ernment announced on February 4, 1915, its submarine policy, now happily abandoned, the government of the United States has been constantly guided and restrained by motives of friendship in its patient efforts to bring to an amicable settlement the critical questions arising from that

Will Rely Upon Scrupulous Execution Accepting the imperial government's eclaration of its abandonment of the policy which has so seriously menaced the good relations between the two countries, the government of the Uni-ted States will rely upon a scrupulous execution henceforth of the now altred policy of the imperial govern ment such as will remove the principal danger to an interruption of the good relations existing between the United States and Germany.

### fell 2,500 feet and was instantly killed when his monoplane collapsed in a Not Contingent Upon Other Diplomatic Negotiations.

The government of the United State feels it necessary to state that it takes it for granted that the imperial German government does not intend to imply that the maintenance of its work they would have to apply newly announced policy is in any way contingent upon the course or result note of the fourth instant might appear to be susceptible of that construction. In order, however, to avoid any possible misunderstanding the government of the United States notifies the imperial government that it cannot for a moment much less an advance of the United States and the construction of the United States and the construction of the United States are the united states and the construction of the United States are the united states and the construction of the United States are the united states and the united states are the united st of diplomatic negotiations between the notifies the imperial government that it cannot for a moment entertain, much less discuss a suggestion that respect by German naval authorities for the rights of citizens of the United States upon the high seas should in any way or in the slightest degree be made contingent upon the conduct of any other government affecting the rights of neutrals and non-combatants, Responsibility in such matters is sin-gle, not joint, absolute, not relative.

#### have proclaimed a holy war against Statement by Secretary Lansing. Mr. Lansing's statement, made public fter the note was on its way to Berlin,

"The greater part of the German answer is devoted to matters which this government cannot wiscuss with the German government. The only questions of right which can be dis-cussed with that government are those tificates. arising out of its action or out of our

Germany yields to our representations in regard to the rights of merchant ships and non-combatants on the high when the stables of Strong Bros., at Hampton, N. Y., were set on fire, according to the police, by a former emering naval warfare in using her submarines against merchant ships. long as she lives up to this altered policy we can have no reason to quar-rel with her on that score, though the losses resulting from the violation of American rights by German submarine commanders operating under the for-mer policy will have to be settled. "While our difficulties with Great Britain cannot form a subject of dis-

cussion with Germany, it should be stated that in our dealings with the British government we are acting as we are unquestionably bound to act in view of the explicit treaty engage-ments with that government. We have treaty obligations as to the manner is which matters in dispute between th two governments are to be handled. We offered to assume mutually similar obligations with Germany, but the offer was declined. When, however, the subject in dispute is a continuing menace to American lives it is doubt-ful whether such obligations apply unless the menace is removed during the pendency of the proceedings."
